THIS MONTH'S MESSAGE FROM ZE'EV

HAPPY MOTHER'S DAY TO ALL MY CLIENTS!

In the United States, and across the world, Mother's Day is a day for celebrating motherhood and thanking mothers. It is held on the second Sunday in May. Mothers usually receive gifts on this day or are shown how much they are appreciated in some way.

Mother's Day means so much to me because I think mothers are very special. My mother will always be special to me. The sacrifice that they made to produce beautiful people that later become teachers and leaders of our precious universe... well, it's truly remarkable what they do for all of us.

And it's something we all have in common. We all have a mother who brought us into this world, whether we grew up with her or not. We must be grateful to her for that! Treat your mother special all the time, but do something extra special during this Mother's Day season. Tell her how much you love her!

The mother in your life does not have to be biological, but can be any woman that plays an important role in your life. Don't feel left out if you only have a father. On Mother's Day, take your father out and thank him for being there for you when you need him. Celebrate parenthood. A mother can be anyone who takes on the responsibility of being one!

The Individual's Aura— or Template

Sometimes a healer creates his or her primary healing effect by supplying particular frequencies of etheric (higher) bio-energies to a client's etheric body, which Mr. Kolman refers to as the aura.

The aura is a holographic bio-energetic template surrounding the individual—a type of spatial wave guide that assists the molecular/cellular systems of the body to achieve proper organization, orchestration and energetic balance.

If the template is healthy and orderly, the body resides in a state of health. When the etheric body is distorted and its organized patterns become disrupted by a wide variety of influences, the physical body slowly follows suit by manifesting illness.

The organization of a person's aura controls the orderly cellular behavior of the body's systems. It is the aura of the etheric body to which Ze'ev Kolman actually directs his healing bio-energy. When the influence of this etheric body has totally ceased, as in death, the component molecular parts return to the chaotic disorder of inorganic matter.

The individual aura is the wave guide that controls the flow of life energy into the body. Patterns of illness occur at the energetic level before they become manifest at the cellular level. Dysfunctional subtle energetic changes in the etheric body may precede physical/cellular changes of an overt illness by weeks to months. Mr. Kolman can see that effect among some of his clients, and is able to predict upcoming symptoms of sub-clinical illness by reading one's aura.

Distance Healing

Distance healing is performed while you sleep or rest. When your body is resting, your chakras—your energy centers—open up. This is when Ze'ev can easily transmit electromagnetic energy from his mind into your energy field for the purpose of healing. You only need to know the time for your body to be

“tuned into” the same wavelength during the distance healing session.

Ze'ev recommends distance healing for clients who are too far away or are unable to come to the office because of a busy schedule or illness. Distance healing is also very effective. It is just as powerful as a private session. In fact, it can even be stronger because the body is very open to receiving energy while resting.

Some clients also experience the tingling sensation during distance healing. Others feel a wave of heat, while others experience no physical presence. The effects are the same.

Sometimes a client will awaken during the time of the healing. If this happens to you, stay in bed in a relaxed state.

Distance healing works for many people, but not for everyone. It depends on how long you have had the condition, how open you are to the healing, and also how well your body receives the energy for healing.

There are certain requirements for Distance Healing in order to be really successful.

Distance Healing Requirements

1. Photograph
2. Complete address
3. Telephone numbers
4. Date of birth
5. Direction of your head while sleeping. Is it facing north, south, east or west?
6. A list of the conditions you want to focus on.

Our thoughts are like radio waves that can be sent and transmitted beyond our physical location and received at the other end—provided there is a receiver tuned into the right wavelength. This energy is transmitted through the force of my thoughts to the client who *opens* his or her channels to the proper wavelength and *absorbs* the energy regardless of the physical distance between us.

To receive a distance healing, please call **212-245-1715**.

Testimonial

I am Ze'ev Kolman's secretary in New York City. I want to take this opportunity to share with his clients just what an extraordinary man he is. I have been working here for approximately 5 years, and have witnessed so much that cannot be expressed in words.

I have seen people walk out of his office in amazement, their eyes open wide, mouth dropped, hand shaking. The first thing I usually hear them say is: "What has just happened in there? Did he have something in his hands? My God! I cannot believe what just happened!"

They look at me to see if I am as surprised as they are. That never happens, because I see this on a daily basis and am no longer surprised. I look forward to the reactions of clients. So many clients see fluid coming out of their navel, or their ears. This always amazes them.

Some clients run out of the room and say, "My pain is gone! I have no more pain. I cannot believe it."

The most recent incident that stands out in my mind is the client that wore glasses for many years, who immediately after one session no longer needed them.

Or the woman with Parkinsons disease who experienced a 90% reduction in shaking after her first session with Mr. Kolman.
