Bio-Energetic Healer

THIS MONTH'S MESSAGE FROM ZE'EV

To All My Clients!

It gives me great pleasure to talk to my clients each and every month. What I have to tell you as we approach the beautiful summer-like weather is: Take this time to do what you always wanted to do when the weather and your busy schedule got in the way. Remember that it is important to get an energy balancing on a monthly basis to keep your aura clean and to balance you chakras. People who maintain energy sessions once a month usually feel more energized. They are motivated to get more done on a daily basis and they are inspired to experiment with new and better things.

I usually begin my sessions with clients by doing a talking meditation to help them relax and prepare them physically and emotionally for the bio-energetic transmission healing process. Many people who have a first-time encounter with any meditation practice find it difficult to relax. One of the most amazing results is that my clients often become disoriented regarding how much time has passed. Some think the session was only 5 minutes, while others think it was 60 minutes.

When we slow down our thoughts, our body can relax more easily. This process produces beneficial results for our body's immune system to function properly. When our body is not in a fight or flight pattern of response, the internal organs function better to help balance the needs of our body.

The Individual's Aura— or Template

Sometimes a healer creates his or her primary healing effect by supplying particular frequencies of etheric (higher) bio-energies to a client's etheric body, which Mr. Kolman refers to as the aura.

The aura is a holographic bio-energetic template surrounding the individual—a type of spatial wave guide that assists the molecular/cellular systems of the body to achieve proper organization, orchestration and energetic balance.

If the template is healthy, the body resides in a state of health. When the etheric body is distorted and its organized patterns become disrupted by a wide variety of influences, the physical body slowly follows suit by manifesting illness.

The organization of the aura controls the orderly cellular behavior of the body's systems. It is the aura of the etheric body to which Mr. Kolman actually directs his healing bio-energy. When the influence of the etheric body has totally ceased, as in death, component molecular parts return to the chaotic disorder of inorganic matter.

The individual aura is the wave

guide that controls the flow of life energy into the body. Patterns of illness occur at energetic levels before they become manifest at cellular levels. Dysfunctional subtle energetic changes in the etheric body may precede physical/cellular changes of an overt illness by weeks to months. Mr. Kolman can see that effect among some of his clients, and is able to predict upcoming symptoms of sub-clinical illness by reading one's aura.

Distance Healing

Distance healing is performed while you sleep or rest. When your body is resting, your chakras—your energy centers—open up. This is when Ze'ev can easily transmit electromagnetic energy from his mind into your energy field for the purpose of healing. You only need to know the time for your body to be

“tuned into” the same wavelength during the distance healing session.

Ze'ev recommends distance healing for clients who are too far away or are unable to come to the office because of a busy schedule or illness. Distance healing is also very effective. It is just as powerful as a private session. In fact, it can even be stronger because the body is very open to receiving energy while resting.

Some clients also experience the tingling sensation during distance healing. Others feel a wave of heat, while others experience no physical presence. The effects are the same.

Sometimes a client will awaken during the time of the healing. If this happens to you, stay in bed in a relaxed state.

Distance healing works for many people, but not for everyone. It depends on how long you have had the condition, how open you are to the healing, and also how well your body receives the energy for healing.

There are certain requirements for Distance Healing in order to be really successful.

TESTIMONIALS

(continued from Page 3)

Distance Healing Requirements

1. Photograph
2. Complete address
3. Telephone numbers
4. Date of birth
5. Direction of your head while sleeping. Is it facing north, south, east or west?
6. A list of the conditions you want to focus on.

Our thoughts are like radio waves that can be sent and transmitted beyond our physical location and received at the other end—provided there is a receiver tuned into the right wavelength. This energy is transmitted through the force of my thoughts to the client who *opens* his or her channels to the proper wavelength and *absorbs* the energy regardless of the physical distance between us.

To receive a distance healing, please call **212-245-1715**.

Testimonial

As the day of the healing went by, I felt a vibrant, tickling sensation in the right hemisphere of my brain ... accompanied by a feeling of strength and joy. At one point, I heard and even felt the rush of wings over my head. The skies were supremely beautiful that night, and impregnated with energy.

It is my understanding that the right hemisphere is connected with the crown chakra, yet I also somehow feel that the intensity of negative emotional coloring there, was being slowly eased and dislodged. The mental units can accumulate and create, over time, a society, non-

verbal clashed. These do not have to be located in any one location of cognition, although they can be expressed through the energy meridians in a system of responding currents.

The cerebral hemispheres are linked to where our emotions are intensely activated, known as the mesa limbic system.

The experience of gushing and pausing energies in the area of a birthmark on my person, originally signaled some past diffusion of bio-energy. In the meantime, with the process of being resensitized to trauma. I was again storing anxiety as cellular memories.

To confirm the etiology, I learned that the parietal region of the right hemisphere is responsible for our body schema. I have needed divine support to be able to experience appropriate emotional orientations, by releasing the old waves of stored energy.

I can say to you, that as I lay partially awake the first night of healing, mainly due to so much excitement ... I felt touched by a series of sweeping magnetic passes throughout my body, that seemed to start at my heart, and travel to my head, down to my throat, my abdomen, and finally to the soles of my feet.

But the tenderness with which the energy force was touching my being, awoke the sensation of a mother with her new born infant. During the second midnight healing, I was sound asleep.

Afterwards, it was as though someone had tapped me on the head with an invisible wand, awakening me from a deep, and rejuvenating sleep. And I have slept deeply and contentedly ever since that time, feeling stronger during the day.

I think what you gave me, was a second wind: a jump-start of powerful energy. With this added boost, I can now continue my own healing process.
