THIS MONTH'S MESSAGE FROM ZE'EV

Summer's Greeting to All!

The season is in full gear. I hope everyone is using their sun block and drinking a lot of water. At one of my recent lectures, a client from Europe said, "You are all so busy working over here. You forget what a normal pace is like." I agree. If we take one day at a time, life becomes simpler and more enjoyable. Don't worry about tomorrow, live for today. Being in a rush all the time can lead to stress and symptoms that can lead to major health problems. You can avoid these problems by simply slowing down your mind's activity to a normal pace.

Multitasking is not necessarily the answer to everything. At least try to be more aware or mindful of what you are doing and why. Make-believe you are a witness to your own activities on a daily basis and watch what happens. See how you react to everyday events and compare it to a wish list of what you would like your day to be.

I have found that Bio-Energetic transmissions can have a remarkable and immediate effect on people, often reaching beyond expectations. The majority of those who have experienced my bio-energy sessions testify that

they actually feel physical sensations of the bio-energy entering their body. Anyone who has been at my lectures or a group healing has heard the testimonies at the end of the sessions. Static electricity, feathers, sand, flowers, spider webs—all of these adjectives have been used to describe the sensations of the bio-energetic sessions. You can immediately feel the energy and know if it feels right for you.

Group Healings & Lectures

We usually conduct group healings every 2 weeks. Once a month we have lectures, which is a simple way to experience and learn more about bio-energetic healing without spending a lot of money. The lectures cover Healing, Spirituality, the Aura and Chakras. Following the lecture, an intense group healing meditation is conducted.

The Individual's Aura— or Template

Sometimes a healer creates his or her primary healing effect by supplying particular frequencies of etheric (higher) bio-energies to a client's etheric body. Mr. Kolman refers to this as the aura.

The aura is a holographic bio-energetic template surrounding the individual—a type of spatial wave guide that assists the molecular/cellular systems of the body to achieve proper organization, orchestration and energetic balance.

If the template is healthy, the body resides in a state of health. When the etheric body is distorted and its organized patterns become disrupted by a wide variety of influences, the physical body slowly

follows suit by manifesting illness.

The organization of the aura controls the orderly cellular behavior of the body's systems. It is the aura of the etheric body to which Mr. Kolman actually directs his healing bio-energy. When the influence of the etheric body has totally ceased, as in death, component molecular parts return to the chaotic disorder of inorganic matter.

The individual aura is the wave guide that controls the flow of life energy into the body. Patterns of illness occur at energetic levels before they become manifest at cellular levels. Dysfunctional subtle energetic changes in the etheric body may precede physical/cellular changes of an overt illness by weeks to months. Mr. Kolman can see that effect among some of his clients, and is able to predict upcoming symptoms of sub-clinical illness by reading one's aura.

Distance Healing

Distance healing is performed while you sleep or rest. When your body is resting, your chakras—your energy centers—open up. This is when Ze'ev can easily transmit electromagnetic energy from his mind into your energy field for the purpose of healing. You only need to know the time for your body to be "tuned into" the same wavelength during the distance healing session.

Ze'ev recommends distance healing for clients who are too far away or are unable to come to the office because of a busy schedule or illness. Distance healing is also very effective. It is just as powerful as a private session. In fact, it can even be stronger because the body is very open to receiving energy while resting. Some clients also experience tingling sensation during distance healing, or a wave of heat, while others experience no physical presence. The effects are the same. Sometimes a client will

awaken during the time of the healing. If this happens to you, stay in bed in a relaxed state.

Distance healing works for many, but not for everyone. It depends on how long you have had the condition, how open you are to during the distance healing session.

Distance healing works for many, but not for everyone. It depends on how long you have had the condition, how open you are to healing, and also how well your body receives the energy for healing. Here are the requirements for Distance Healing to be really successful.

Distance Healing Requirements

1. Photograph
2. Complete address
3. Telephone numbers
4. Date of birth
5. Direction of your head while sleeping. Is it facing north, south, east or west?
6. A list of the conditions you want to focus on.

Our thoughts are like radio waves that can be sent and transmitted beyond our physical location

provided there is a receiver tuned into the right wavelength. This energy is transmitted through the force of my thoughts to the client who *opens* his or her channels to the proper wavelength and *absorbs* the energy regardless of the physical distance between us.

Testimonial

This unusual story shows the possibilities of what the aura can reveal. An anxious young man walked into my office, and I was stunned. The aura around his body was even but next to his left foot—as if it were stuck to his ankle—was the astral figure of a dog. Jonathan's aura encircled the image of the dog, integrating the image with his own in a single auric bubble. I carefully began to tell Jonathan about it.

"How can you see it?" he asked anxiously. "That's exactly what I've come to discuss with you!"

He had been suffering from family pressures for a long time, and then one morning he awakened with a dreadful heaviness on the left side near his leg. He pointed to the lower portion of his left leg precisely where I saw the astral dog.

"This problem has been going on for several years now. The dog is there, day and night. I can't get away from him. It's agonizing and I don't know what to do about it. Do you think you can help me?"

I began to treat him with my customary healing protocol, my hands began to move around and above his body in circular motions, working to cleanse his aura. Then suddenly, the entire room was full of explosive jets of light and rocket-like energies. Waves of energy spiraled in every direction, as if in a whirling dance. Colorful plasmas of energy shot forth from the dog, as if launched from a barge of electrifying fireworks.

ANNOUNCEMENTS & NEWS

(continued from Page 3)

The multicolored lights pulsed and flickered, and encircled the room in endless movements toward Jonathan and away from him. The entire room was filled with this fantastic, colorful turbulence. His body vibrated and rocked in strange trance-like movements. I continued pulling negative energies along his limbs and out of the left and right sides of his body using the same rhythmic movements.

My hands felt heavy and I wanted to drop them by my sides. His rocking movements began to subside, and his facial expression changed. When the session was over, he rose to his feet, still somewhat dazed and beaming with joy, he said, "He's gone, the dog is gone!"

When I left my office, my heart froze. There in the courtyard was a dog—not astral. Same color, breed, size. My heart raced. It was a physical manifestation of the astral dog that disappeared during the session. I wondered if this were a strange vision or reality? I tried to get the dog to leave, but it refused to budge. I left with the hope that the dog would leave on its own, but 2 hours later—there he was in the same spot.

My heart was pounding as the growing realization came that this dog had a definite connection to the dog removed from Jonathan's aura. This was not a coincidence. The dog was still sitting in the same spot, staring at me, when I was leaving my office after work. While I tried to solve this problem, it became clear that Jonathan's

healing would be incomplete if the dog refused to move.

I went back to my office and meditated. The answer came intuitively in a flash that I had to clear energies connected with the phantom dog. At last, the dog was gone. I reflected upon the gift of being able to see the human aura and the ability to appreciate the fascinating knowledge derived from it. I was very grateful.
