### THIS MONTH'S MESSAGE FROM ZE'EV

Here we are in October already. The final days of summer have gone and autumn is here. This time of year provides a great opportunity to take advantage of the energy for change in our own lives, be it physical, emotional or spiritual. It's a good time to open up to the changing environment and take a free ride or lift out of our daily routine and habits. Remember, simply bringing the intention for change to a situation can be an important catalyst for enabling us to evolve to a more healthy lifestyle.

I have seen many examples of this. My sessions are effective in enhancing this process. If one comes in with a sincere heart and positive, realistic expectations, progress can be made more smoothly. In fact, I have witnessed many extraordinary positive events with my experience in bio-energetic healing. My book—*The Secret of Healing*—details many of them. If you're ready, so am I!

I have talked about the immune system many times in the past. I would like to add a few thoughts about this with Autumn now here. The immune system can sometimes take weeks to strengthen, even with nutrition and cleansing. For this reason, it is important to plan a monthly routine before the flu season.

Keep in mind that our bodies are designed to fight most diseases successfully—if we treat ourselves optimally in terms of sleep, nutrition and

exercise. The RDA (daily requirements) of vitamins and minerals may not reflect a therapeutic level. Check with your nutrition list and your health professional for more information. Author Gary Null has written many excellent books on this subject, but you can also find excellent information about nutrition online.

Illness is from imbalance and an absence of harmony. This has been my experience. Positive feelings and thoughts affect our bodies all the way down to even the cellular level. Hormone and chemical secretions are allowed to flow properly when we are at rest, free of stress, and in a peaceful state.

So remember to make time for yourself. To chill out and relax, *daily*. Practice yoga, QiGong, or some other healthy meditative form of exercise. Meditation and prayer can help us to be conscious of our inner selves again. Stress is the enemy. It can be managed, but it takes practice like anything else.

### THE INDIVIDUAL'S AURA—OR TEMPLATE

Sometimes a healer creates his or her primary healing effect by supplying particular frequencies of etheric (higher) bio-energies to a client's etheric body, which Mr. Kolman refers to as the aura.

The aura is a holographic bio-energetic template surrounding the individual—a type of spatial wave guide that assists the molecular/cellular systems of the body to achieve proper organization, orchestration and energetic balance.

If the template is healthy and orderly, the body resides in a state of health. When the etheric body is distorted and its organized patterns become disrupted by a wide variety of influences, the physical body

slowly follows suit by manifesting illness.

The organization of a person's aura controls the orderly cellular behavior of the body's systems. It is the aura of the etheric body to which Ze'ev Kolman actually directs his healing bio-energy. When the influence of this enteric body has totally ceased, as in death, the component molecular parts return to the chaotic disorder of inorganic matter.

The individual aura is the wave guide that controls the flow of life energy into the body. Patterns of illness occur at the energetic level before they become manifest at the cellular level. Dysfunctional subtle energetic changes in the etheric body may precede physical/cellular changes of an overt illness by weeks to months. Mr. Kolman can see that effect among some of his clients, and is able to predict upcoming symptoms of sub-clinical illness by reading one's aura.

### Distance Healing

Distance healing is performed while you sleep or rest. When your body is resting, your chakras—your energy centers—open up. This is when Ze'ev can easily transmit electromagnetic energy from his mind into your energy field for the purpose of healing. You only need to know the time for your body to be “tuned into” the same wavelength during the distance healing session.

Ze'ev recommends distance healing for clients who are too far away or are unable to come to the office because of a busy schedule or illness. Distance healing is also very effective. It is just as powerful as a private session. In fact, it can even be stronger because the body is very open to receiving energy while resting.

Some clients also experience the tingling sensation during distance healing. Others feel a wave of heat, while others experience no physical presence. The effects are the same.

(Continued on Page 3)

## ANNOUNCEMENTS

(continued from Page 2)

Sometimes a client will awaken during the time of the healing. If this happens to you, stay in bed in a relaxed state.

Distance healing works for many people, but not for everyone. It depends on how long you have had the condition, how open you are to the healing and how well your body receives the energy for healing. There are certain requirements for Distance Healing to be successful.

### Distance Healing Requirements

1. Photograph
2. Complete address
3. Telephone numbers
4. Date of birth
5. Direction of your head while sleeping. Is it facing north, south, east or west?
6. A list of the conditions you want to focus on.

Our thoughts are like radio waves that can be sent and transmitted beyond our physical location and received at the other end—provided there is a receiver tuned into the right wavelength. This energy is transmitted through the force of my thoughts to the client who *opens* his or her channels to the proper wavelength and *absorbs* the energy regardless of the physical distance between us.

To receive a distance healing, please call **212-245-1715**.

## Testimonial

Here is the story about last night's very powerful healing.

Saturday, my husband and I went to the White Mountains for a hike. It was my first exercise since my dad's stroke and I was quite out of shape from two months of visiting hospitals and rehabs.

## TESTIMONIAL

Within minutes of climbing, I became winded and had an asthma attack—something I have not had in years. I had to stop and drive home.

Sunday my heart was very stressed. I kept having palpitations and an irregular heartbeat. I was nervous and worried, but I hoped that your distant healing, scheduled for that evening, would help.

As I went to bed, I prayed that your energy would go where it was needed and help my heart.

I was awakened in the middle of the night by powerful waves of energy, so powerful, that I was frightened. I tried to call out to my husband, but I couldn't speak.

Then I remembered that you were working on me. I calmed down a bit, but the strong waves kept coming over me. It was amazing.

After the waves subsided, I fell asleep. When I awoke in the morning, my heart was calm and beating perfectly. I felt wonderful.

Ze'ev, I am so grateful for your gift. Thank you for the powerful and successful healing.

Your grateful friend, Lorraine
